Information We Collect

Information about You Received from an SNS

When you use any Blot Club game at an SNS such as Facebook or Google +, where our game may also be referred to as applications, you allow Blot Club to access certain information from your profile for that site. The information you allow Blot Club to access varies by game and SNS, and it is affected by the privacy settings you and your friends establish at the SNS. You can control and find out more about these settings at the SNS where you play our game. For example, Blot Club may access and store some or all of the following information, as allowed by you, the SNS and your preferences:

- your first and last name
- your profile picture or its URL
- your user ID number, which is linked to publicly available information such as name and profile photo
- the user ID numbers and other public data for your friends
- the login e-mail you provided to that SNS when you registered
- your physical location and that of your access devices
- your gender
- your birthday

By playing a Blot Club game through an SNS, you are authorizing Blot Club to collect, store, and use in accordance with this Privacy Policy any and all information that you agreed the SNS could provide to Blot Club through the SNS Application Programming Interface ("API"). Your agreement takes place when you "accept" or "allow" (or similar terms) one of our applications on an SNS.

created by Blot Club and used to identify your profile.

The Blot Club user ID number used to identify your account and profile will be public and will appear in the URL of your profile page, but will only permit access to information that is considered public or that you have designated as public in your settings.

Your first and last names and profile picture are considered "public" on Blot Club websites that offer direct access to Blot Club game and search engines may index this publicly available information. When We offer profiles, We will also offer functionality that allows you to opt-out of public indexing of your public profile information.
